- › Seal quality improvement and optimisation
- › Durable and accurate
- › New film qualification
- › Package design development
- › Packaging material savings
- › Bespoke Solutions
- › Personnel training

**Accuracy and Reliability
for over 30 years.**

Kenray has joined forces with Greener Corporation, the world leader in sealing jaws for both horizontal and vertical form / fill / seal equipment.

This unique partnership allows our customers to benefit from having not only the best formers, but the best heat sealing jaws from one single source.

Greener Corporation offers a comprehensive collection of parts and services through the KENRAY network. This includes sealing jaws and crimpers, training, line evaluations, installations, research and development as well as specific project development.

All crimp patterns are selected based upon the customer's film and are guaranteed to provide a superior performance.

Greener Corporation differentiate themselves from others by the quality of their jaws.

Total forming solutions

- > Forming sets
- > Former repairs
- > Cutting knives
- > Sealing jaws
- > Draw-down belts
- > Former accessories

The world's biggest brands and OEMs choose **KENRAY** formers for better performance and profit.

Shouldn't you?

KENRAY are recognised as the global authority on the development and manufacture of formers and solutions for the packaging industry.

Our key area of expertise is the innovative design in forming sets for vertical form fill and seal packaging machines. Renowned for value added service, consistency of design, extensive testing procedures and accuracy in manufacturing: KENRAY are the partners of choice for companies around the world within the food and pharmaceutical packaging sector.

Our forward-thinking engineering ensures inter-changeability and repeatability. It is this precision that continues to endorse KENRAY's position as the Global Leader in this market today.
